

## IMPORTANT COMPETITOR INFORMATION

Rally officials have had to shorten the length of stage 3 and 6, Caragh Lake due to a bereavement in the area.

The stage will now start at Location 1 (Diagram 1 on page 27 of the road book), arrival control will move up 0.20km from the original start, where the 3 bales at pillar on right was due to be, the house with the stone wall.

We request all crews to reduce their speed approaching the church and there is to be no tyre warming in the vicinity of the church as a mark of respect to the family.

We have added a refuelling area in-between stage 2 and stage 3. Starting at the Climbers Inn and stretching for 1.71km

Refuelling is fuel only and is strictly to take place inside the refuelling area. A judge of fact will be on duty here.

Regards
